Children's Home Foundation (CHF)

The Children's Home Foundation is a diocesan-wide effort to provide need-based funds for local students wishing to pursue technical, job or career training. Our mission is to support and encourage students seeking skills that will lead them directly into the work force.

Most of our students are recent high school graduates but we also assist non-traditional students or those not-so-recent graduates looking to re-enter the labor market. Our scholarship students study a variety of certificate programs with most attending our local community colleges. Recognizing younger students, CHF also offers summer campership funds. Children needing assistance to attend an overnight or day camp are encouraged to apply.

The Foundation is funded through one direct annual appeal drive. For over fifty years, generous contributions from parishes and individuals have enabled the CHF to help hundreds of our local students pursue their dreams.

Church Initiatives Grant Program

With funds from the sale of r St. Stephen's Church of East New Market, Md, the Diocese of Easton honors a directive to grant portions of the investment returns to other DOE churches, for the purpose of supporting new initiatives and ministries in the parish..

Up to \$5000. may be granted to any church or mission. The vestry of each parish must approve of the initiative and oversee its success. In 2025, the Diocesan Council, at the request of the Grants Committee, voted unanimously to add food to the list of qualified expenses.
